

Desert Thunder School

Desert Thunder Community,

Welcome to the 2019-2020 school year and to Desert Thunder School! 2019-2020 promises to be another great year! The staff at Desert Thunder strives to make it a priority that our students are provided a safe, positive learning environment that allows them to be challenged to be thinkers, problem solvers and communicators. We are committed to providing our students with opportunities to be successful, to be challenged to strive to reach their fullest potential and to inspire others. We ensure that our community works together to empower our students to be the leaders of tomorrow.

In our dual language classrooms, we work together to cultivate global citizens who are bilingual, bi-literate and achieve high levels of academic success.

In order to reach our goals, our teachers participate in professional development and collaboration each Wednesday. Through our collaborative process teachers are able to work together to guarantee that we are helping EVERY student on their learning journey.

Desert Thunder parents, families and community members play a vital role in the success of our students. When we work together towards a common goal we can provide our students with more opportunities to feel connected with the community in which they reside.

2019-2020 is going to be great as we Soar to the Top . . . Learning, Learning, Learning - No Exceptions!
